Dr. Lewander,  
RE: Promotion Elizabeth Goldberg MD

I am very pleased to provide a letter of recommendation for Dr. Goldberg's promotion. I do not believe that I have ever met Dr Goldberg, although we have interacted digitally through the Society of Academic Emergency Medicine's listserv for the Academy of Geriatric Emergency Medicine.

This letter reflects my limited interactions with her and my review of her submitted CV. I cannot speak to the quality of Dr. Goldberg's clinical care, local teaching or service as we have never met, and my individual contact with Dr. Goldberg is non-existent.

However, I can speak to the quality of Dr. Goldberg's published work (impressive), listed grants (extraordinary), national and regional service (inspiring), advocacy (notable), and local, regional and national presentations (remarkable in both scope and quantity). I needed to take a nap after reading her CV.

Using the stated criteria of "*the individual must have a national reputation in his/her area of expertise. A continuous record of scholarship since the last appointment or promotion is expected*", Dr. Goldberg is clearly excelling as an assistant professor. There is no doubt in my mind that Dr Goldberg is an emerging leader in emergency medicine and deserves promotion to Associate Professor. Please contact me with any questions.

A handwritten signature in black ink, appearing to read "KT", with a long horizontal line extending to the right.
